## 1 Identification of the substance/mixture and of the company/undertaking

· **Informations to product No. 4865**

· **Product name:**

### Hydromorphonhydrochlorid, API

· **Supplier of the Product / responsible Company:**

Caesar & Loretz GmbH

Herderstr. 31

40721 Hilden

Tel.: 02103/4994-0

Fax: 02103/32360

e-mail: info@caelo.de

· **Emergency telephone:**

Giftinformationszentrum Mainz

Langenbeckstr. 1, 55131 Mainz

Tel.: 06131/19240

## 2 Hazards identification

· **GHS-Labeling Elements:**

· **Signal word:** Warning

· **H-Phrases:**

H302 Harmful if swallowed

· **P-Phrases:**

P301 IF SWALLOWED:

P310 Immediately call a POISON CENTER or doctor/physician

**Acute Tox. 4**

## 3 Composition / information on ingredients

**CAS-No. Substance name**

71-68-1 Hydromorphon hydrochloride

· **EINECS-No.:** 200-76-26

· **REACH Reg. No.:** (pre-registered)

· **INCI-Name:** -

|                                                 |                                                                                                                                          |                                                                                                                     |

|-------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------|

· **Chemical characterization:**

#### 4 First aid measures

- **General advices:** In all cases of exposition immediate medical help is required!
- **after inhalation:** Bring the person out of the contaminated area to fresh air, Seek medical help immediately. Show product-label or this MSDS.
- **after skin contact:** Take off contaminated clothes and shoes, wash immediately with plenty of water and soap.
- **after eye contact:** Rinse out with plenty of water with the eyelid wide open. Call in ophthalmologist.
- **after swallowing:** Drink plenty of water. Induce vomiting. Seek medical advice immediately.

#### 5 Fire-fighting measures

- **Suitable extinguishing media:** All regular extinguishing media can be used. Select fire fighting measures suitable to surrounding environment.
- **Specific hazards during fire fighting:** Combustible but not flammable. In case of fire dangerous gases / vapours can be released: Smoke gases.
- **Special protective equipment for fire-fighters:** Suitable protective clothes and respiratory protection.
- **Additional information:** Prevent fire extinguishing water from contaminating surface water, the ground water system or soil. Residues must be deposited according to local regulations.

#### 6 Accidental release measures:

- **Personal protective measures:** Avoid dust formation and contact with substance.
- **Environmental protective measures:** Prevent from entering into drains.
- **Methods for cleaning:** Take up dry. Disposal according to Chapter 13 of this MSDS. Clean up with water.

#### 7 Handling and storage

- **Handling:**
- **Advice on safe handling:** Wear protective equipment (see chapter 8).
- **Storage:**
- **Requirements for storage areas and containers:** Tightly closed. Store at a dry place. At room temperature ( +15°C to +25°C ). Protect from light.

|                                                 |                                                                                                                                          |                                                                                                                     |
|-------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------|
| <p>Page 3 of 4</p> <p>Print Date 20.05.2019</p> | <p><b>Material Safety Data Sheet</b><br/>according to Regulation (EC) No.<br/>1907/2006 (REACH)</p> <p>Hydromorphonhydrochlorid, API</p> |  <p>Revision Date 20.05.2019</p> |
|-------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------|

- **Advices on common storage:** Not required.

## 8 Exposure controls / personal protective equipment

- **Personal protective equipment:**
- **General protective and hygiene measures:**  
Keep away from food, beverages and animal food.  
Wash hands before breaks and after work.
- **Respiratory protection:** Dust protection mask.
- **Hand protection:** Protection gloves of latex or rubber.
- **Eye protection:** Safety glasses.

## 9 Physical and chemical properties

- **Form:** solid
- **Colour:** white crystalline powder
- **Odour:** odourless
- **Melting point / melting range:** 305 °C (decomposition)
- **Boiling point / boiling range:** not applicable
- **Solubility in / Miscibility with**
- **Water:** (20 °C) ca. 300 g/l
- **pH-range:** 3,5 - 5,5 (USP-Injection solution)

## 10 Stability and reactivity

- **Thermal decomposition / conditions to avoid:**  
No decomposition during appropriate use. The product is stable at room temperature.

## 11 Toxicological information

- **Acute toxicity:**
- LD/LD50-data relevant for hazard classification:**
- LDLO: (i.v., Katze): 3 mg/kg
- LD50: (s.c., Rat): 51 mg/kg
- LD50: (i.v., Mouse): 55 mg/kg
- LD50: (s.c., Mouse): 120 mg/kg
- LDLO: (i.v., Rabbit): 2,5 mg/kg
- TDL0: (reproduktiv, s.c., Hamster): 21,5 mg/kg (female, 8 days after conception)

- **Primary irritant effect:**

- **on skin:** Slightly irritant.
- **on eyes:** Slightly irritant.

- **Additional toxicological informations:**

In all cases of exposition immediate medical help is required. Physiologically highly active pharmaceutical agent. Systemic effects: Illness, Respiratory insufficiency.

Causes Fatigue, Dizziness, Unconsciousness, systemic effects.

No informations about carcinogene effect reported.

The product can be toxic for the unborn child or breast-fed children. Sensitization by inhalation or skin contact possible.

|                                                 |                                                                                                                                            |                                                                                                                     |

## 12 Ecological information

- **Ecotoxicological effects:**

Quantitative ecotoxicological data for this product are not available.

- **General advices:** Prevent from leaking into ground water, environment waters or drainage.
- **Water hazard class:** 2 (self classification): hazardous for water.

## 13 Disposal considerations

- **Product:**
- **Recommendation:** Disposal according to local regulations as pharmaceutical waste.
- **Empty contaminated packaging:**
- **Recommendation:** Disposal according to the local regulations.

## 14 Transport informations

- **Land transport according to ADR:**  
Not classified as dangerous in the meaning of transport regulations.

## 15 Regulatory information

- **Labelling according to actual legislation (GHS, Globally Harmonized System of Classification and Labelling of Chemicals):**  
The product is classified and labelled according to GHS-regulations.
- **Hazard symbols:** GHS07
- **Signal word:** Warning
- **H-Phrases:**  
H302 Harmful if swallowed
- **P-Phrases:**  
P301 IF SWALLOWED:  
P310 Immediately call a POISON CENTER or doctor/physician
- **National regulations (Germany):**
- **Water hazard class:** see chapter 12
- **Storage class TRGS 510:** 11

## 16 Other Information

The information provided in this MSDS is correct to the best of our knowledge at the date of edition.

- **Reason for last revision:** Adjustment to regulation (EC) 1907/2006 (REACH) and GHS-labelling system.
